+ incident response**

# Airbus Protect computer security incident response team

Quickly recover after a cyber incident with our Computer Security Incident Response Team (CSIRT).

During a cyber attack, it is important to **detect and respond** both **quickly** and **appropriately** - otherwise the potential impact on your organisation may grow significantly.

To ensure that these threats are contained and eradicated in a quick and efficient manner, Airbus Protect has built its own experienced Computer Security Incident Response Team (CSIRT). Our CSIRT team applies a meticulous methodology to detect and contain the attack, before removing it from the affected system.

## what our experts can do:

- > robust and fast restoration of affected systems
- > reduced dataloss through quick reaction
- > reestablishment of systems to your compliance level
- > minimized monetary asset loss
- > all in all: first class protection of your corporate assets

## contact our CSIRT experts:
